

Health Lab 4.2 Rubric

CATEGORY	100	80	60	0
Examining Heart Structures and Blood Flow	Student completed and corrected both sets of questions, then studied the correct answers.	Student completed and corrected both sets of questions, but did not study the correct answers.	Student completed both sets of questions, but did not correct them.	Student did not complete both sets of questions.
Calculating Pulse Rate	Student found reasonable pulse rates for all three subjects, within +/- 5 bpm of what the coach found.	Student found reasonable pulse rates for two out of three subjects, within +/- 5 bpm of what the coach found.	Student found a reasonable pulse rate for only one of the three subjects, within +/- 5 bpm of what the coach found.	Pulse rates were more than 5 bpm off of what the coach found on ALL three subjects.
Calculating Breathing Rate	Student found reasonable breathing rates for both subjects (other than the coach) +/- 5 bpm of what the coach found.	Student found reasonable breathing rates for only one subject (other than the coach) +/- 5 bpm of what the coach found.	Student found reasonable breathing rates for both subjects (other than the coach), more than 5 but less than 10 bpm off of what the coach found.	Breathing rates were more than 10 bpm off of what the coach found on both subjects.
CPR and AED Use	Student performed all steps of Hands Only and full CPR with minimal instruction from the coach.	Student performed all steps of Hands Only and full CPR with the coach giving instructions throughout.	Student did not perform all steps of Hands Only or full CPR, even with the coach giving instructions throughout.	Student gave up before the coach called time on at least one of the two scenarios.
Participation	Student had a positive attitude and asked questions when needed.	Student had a neutral attitude and was reluctant to ask questions.	Student had a neutral attitude and did not ask questions even when struggling.	Student had a negative attitude and did not ask questions even when struggling.
Use of Resources	Student reviewed all flashcards provided, and watched all three videos in the introduction.	Student reviewed all flashcards provided, but only watched 1 or 2 videos in the introduction.	Student only completed the flashcards OR the videos.	Student did NOT complete the flashcards or the videos.
Application Questions	Student gave reasonable answers for all three application questions.	Student gave reasonable answers for all three application questions with help from the coach.	Student gave a reasonable answer to only one or two of the application questions.	Student gave unacceptable answers to all three application questions.
